THE GREYSTONE 1964

The Annual Publication
of the
Students' Representative Council
University of Saskatchewan

FOREWORD

ORIGINALLY THE GREYSTONE CONSISTED OF LITTLE MORE THAN THE PHOTOGRAPHS OF THE STUDENTS, OF THE MEMBERS OR EXECUTIVES OF THE STUDENTS' REPRESENTATIVE COUNCIL AND A FEW DIRECTORATES AND CLUBS, AND MEMBERS OF THE INTERVARSITY ATHLETIC TEAMS.

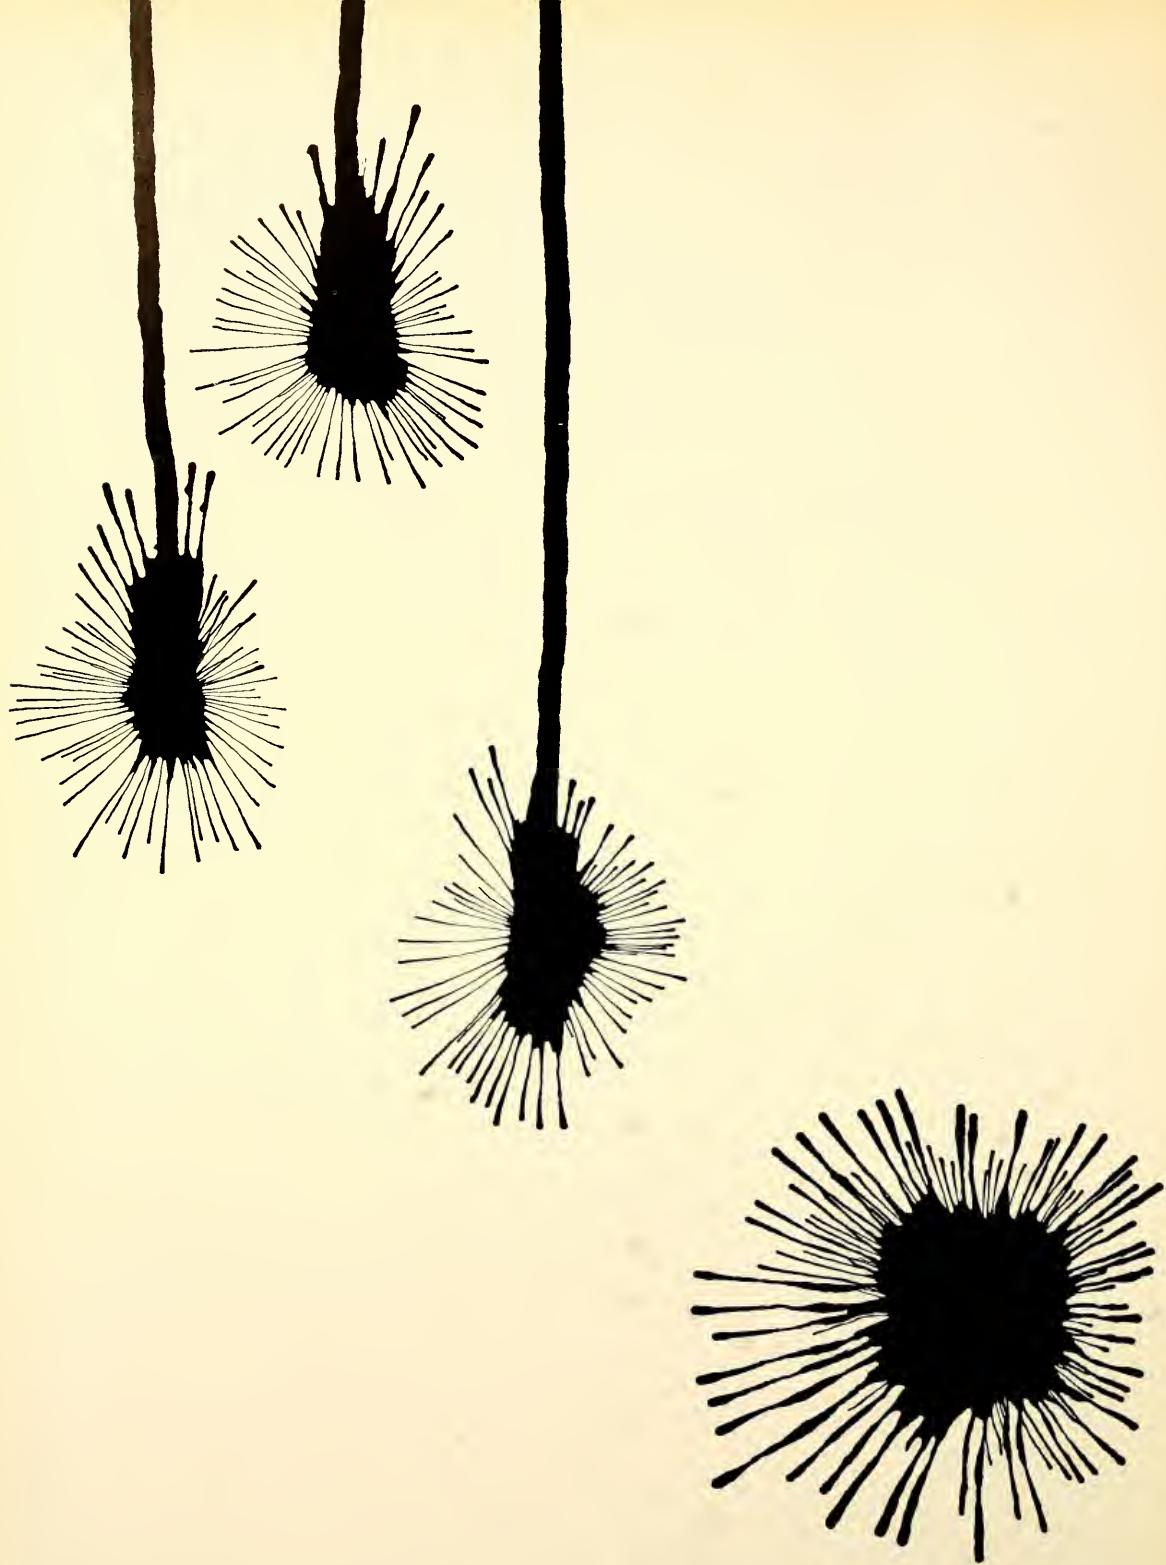

THE BOOK VARIED LITTLE FROM YEAR TO YEAR, DUE TO COSTS THE LAYOUTS WERE SELDOM CHANGED. MANY OF THE PHOTOGRAPHS OF CAMPUS BUILDINGS WERE USED FOR SEVERAL SUCCESSIVE YEARS. ONLY THE PHOTOGRAPHS OF THE STUDENTS WERE DIFFERENT.

DURING AND IMMEDIATELY AFTER THE SECOND WORLD WAR THE BOOK CHANGED IN CONTENT. SUDDENLY THE CAMPUS MILITARY ORGANIZATIONS ASSUMED UNPRECEDENTED IMPORTANCE, TAKING MUCH MORE SPACE IN THE BOOK THAN THE LITTLE THEY HAVE NOW. DURING THIS PERIOD ALSO THE NUMBER OF CANDIDS SLOWLY INCREASED, ALTHOUGH THE SIZE OF THE BOOK WAS LIMITED BY THE WARTIME CONTROLS ON PAPER.

FOLLOWING THE WAR THE BOOK CHANGED IN SIZE AGAIN. THE MILITARY DECLINED IN IMPORTANCE. PAPER CONTROLS WERE OFF, AND THE BOOK WAS ENLARGED TO THE PRESENT 9" by 12" FORMAT. CANDIDS INCREASED ONCE MORE IN NUMBER AND QUALITY. THE EMPHASIS IN CANDID SECTIONS IN OTHER YEARBOOKS WAS SLOWLY CHANGING FROM THE OLD SCRAPBOOK OF FUNNY PICTURES WITH INANE CAPTIONS TO A MORE MATURE PHOTOJOURNALISTIC RECORD OF THE YEAR'S ACTIVITIES. THIS APPROACH FIRST REACHED THE GREYSTONE WITH THE BOOK JAY HANDEL EDITED IN 1960. DUE TO HIS RATHER UNUSUAL OUTLOOK, HOWEVER, REACTION WAS SEVERE, AND AS A RESULT THE BOOKS OF THE LAST FEW YEARS HAVE BEEN SOMEWHAT LESS ADVENTURE-SOME, WHILE BETTER IN MANY RESPECTS THAN THE 1960 BOOK. LAST YEAR THE PHOTOJOURNALISTIC APPROACH APPEARED AGAIN, THIS TIME IN THE EXTREMELY POPULAR COLOR SECTION, AND IN THE SHORT ITEMS WHICH APPEARED ON MANY OF THE ACTIVITIES PAGES.

THIS INCREASING EMPHASIS CAN BE NOTED AGAIN IN THIS YEAR'S BOOK. TO THIS END THE CANDID SECTION HAS BEEN MOVED TO THE FRONT OF THE BOOK WHERE IT CAN BE MORE EASILY FOUND. THIS MINOR CHANGE SHOULD ADD GREATLY TO YOUR ENJOYMENT OF THE BOOK.

*But Most of All I Remember the Endearing Warmth
that Characterizes Its People.*

A high-contrast, black and white photograph. On the left side, the back of a person's head and their right arm are visible. The head is tilted slightly, and the arm is extended downwards. The skin is very pale, almost white, due to the high contrast with the deep black background. The hair on the head is dark and textured. The overall composition is minimalist and dramatic.

ACTIVITIES

When we came to school

The girls were escorted in by their parents

But the boys were left to struggle in alone.

This is very strange

Because the girls go to sedate fashion shows

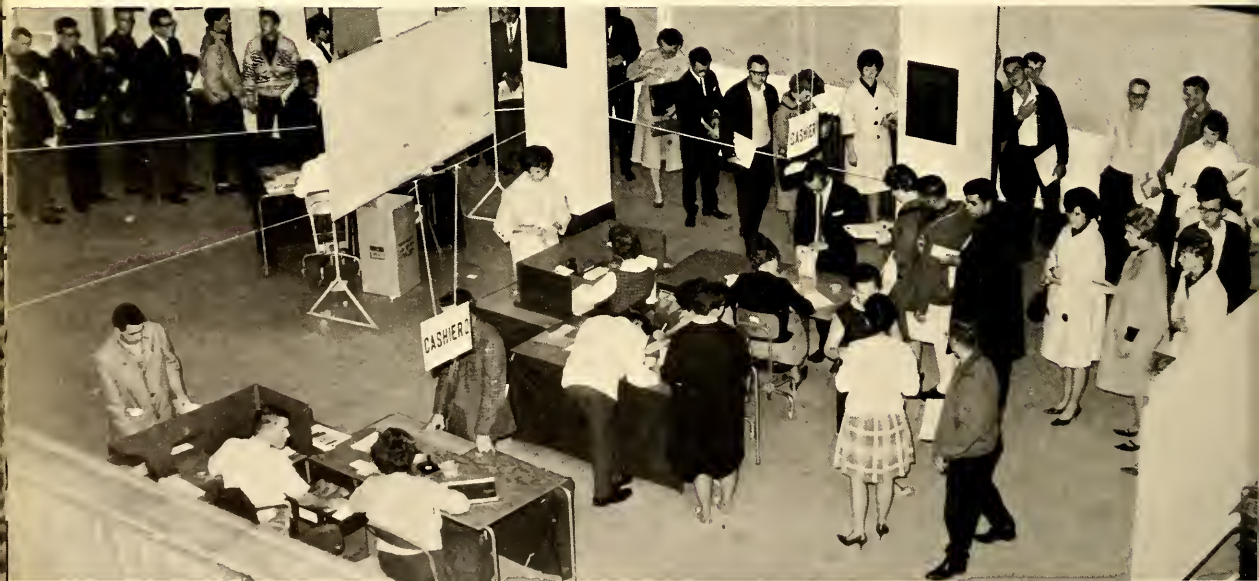

While the boys go to uproarious stags.

The first week was one of constant activity.

First we waited in lines for hours to register

Then in other lines for hours to pay our fees...

And in the
times in
between we
enjoyed the
hospitality of
the welcome
committee...

And the zany
exuberance
of the
Intensely
Vigorous
College
Nine.

The remaining time was filled with teas, dances, and stags...

And of course by the annual chicken roast and bottle smash.

At week's end, disappointed Huskie fans saw the opening kickoffs of a new football season, and many kickoffs and offensive plays by the opposing team; and many relieved their frustration by baiting the weary police...

Nancy Schoehals

Valerie Cameron

Elaine Tkachuk

Freddie Dudgeon

And at the frosh queen dance Laura Leah Allan was chosen queen from among five lovely candidates because of her beautiful smile and because she was a nice clean kid.

In the next
week the
students were
entertained by
the travellers...

And amused by the debate
on student immorality.

And there was another football game, which everyone knew the Huskies would lose (and they did, 15-1)...

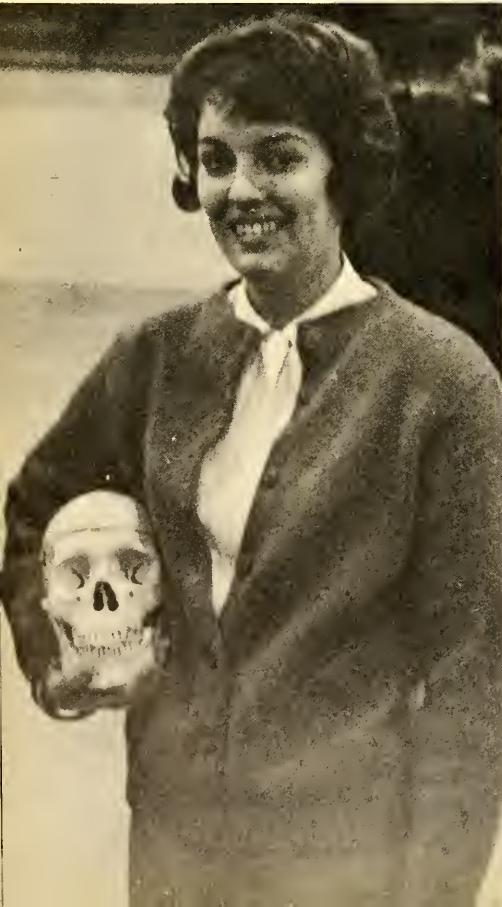

so they came prepared to entertain themselves by drinking and littering the track, and to console themselves by the mock assassination and burial of a "UBC Thunderbird."

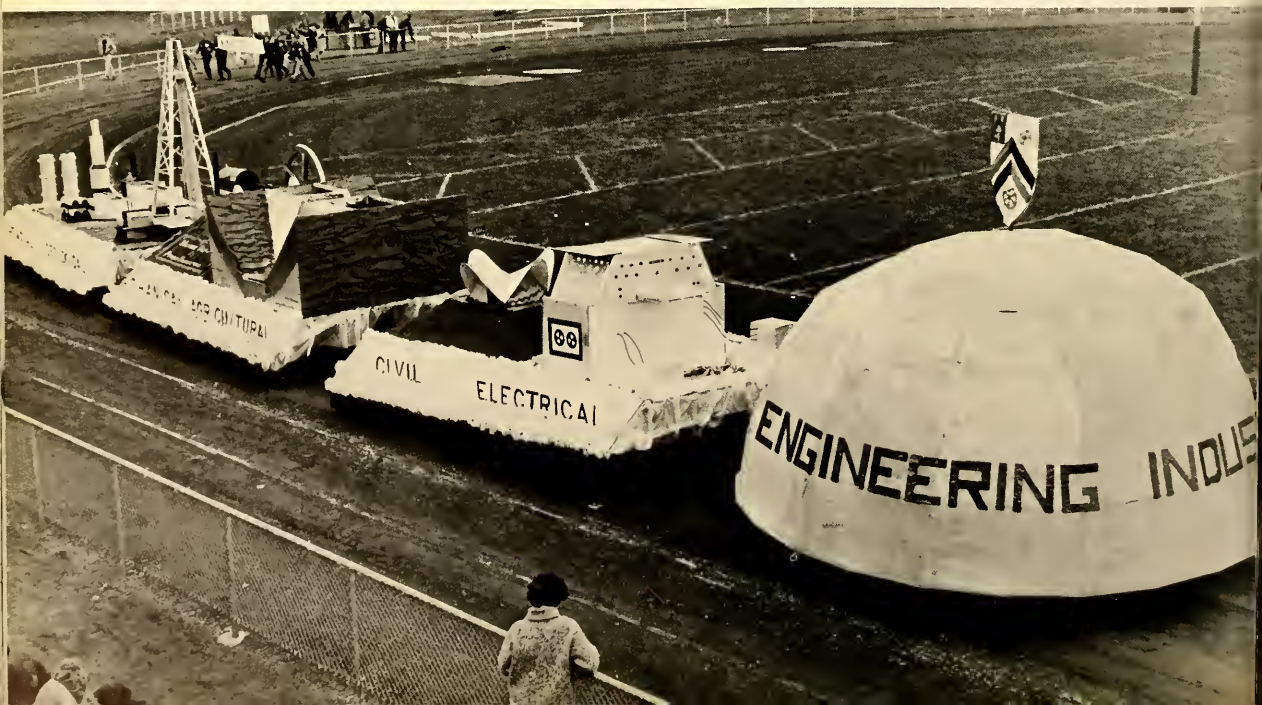

A week
of hectic
float building
led...

To the
annual
homecoming
parade...

And to the
football game,
at which the
winning floats
appeared at
half time...

And at which the students
were again forced to entertain
themselves...because the
Huskies lost 78-0.

The next week was marked by campus demagogues
parading on the concrete mushrooms in front of the Arts building...

And on the next weekend the campus was hit by the Winnipeg excursionneees, who littered the campus with their bodies both outside...

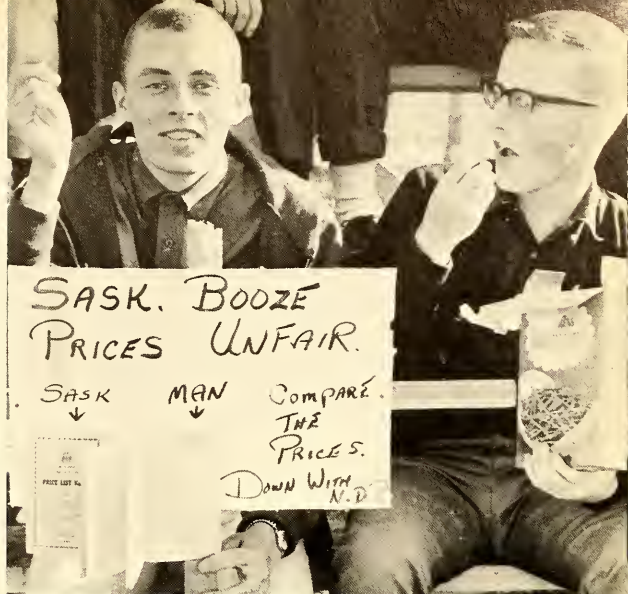

And in...

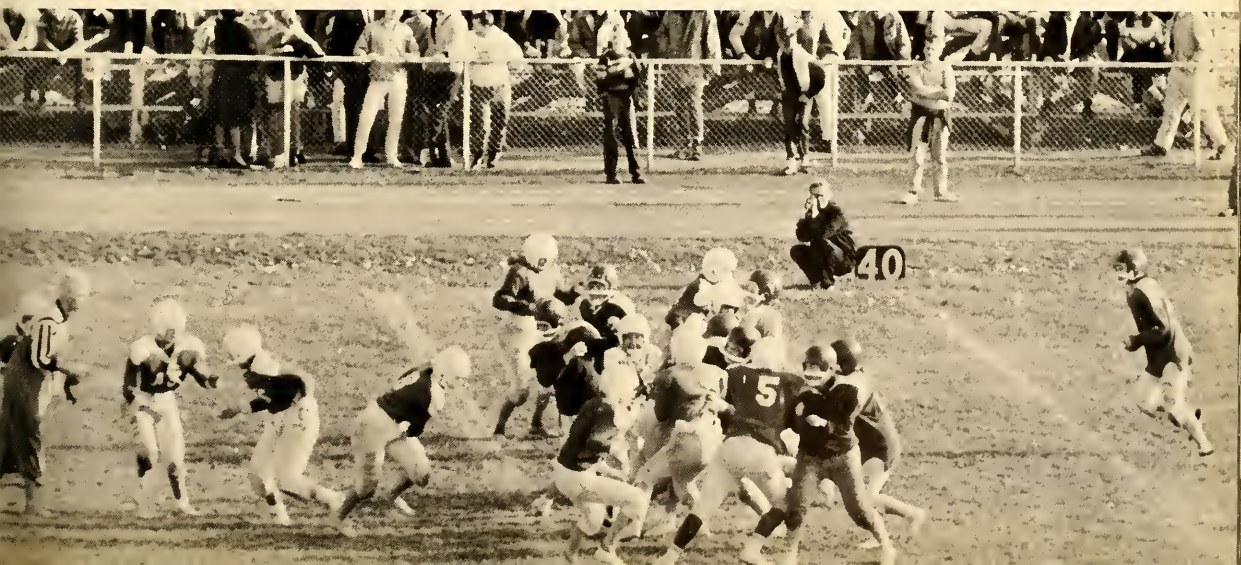

And who tried to
walk off with everything
which wasn't nailed down.

Saskatchewan did its
best to entertain them;
by campaigning for worthy
causes, by losing the
football game 37-7...

And by staging an even more farcical girls' game at half time...

And of course by
providing the
inimitable Intensely
Vigorous College Nine,
who eventually
became so intense
and so vigorous
that they were
surrounded by the
boys in blue...

And led off in a mournful procession, playing dirges as they went.

Suddenly one of the Nine broke away,
and after opening a surprising lead
over the police, escaped by the back
way (later giving himself up), leaving
the police to haul the others away...

And leaving
the sympathetic
excursionees to
cheerfully chip
in for the bail.

A week later
some of the
more energetic
costumed
themselves
for the annual
bogey ball...

The main
entertainment
on the next
weekend was
the annual
Little 500
bicycle race,
and then...

Campus and provincial political leaders began an all-out campaign for the parliamentary forum elections...

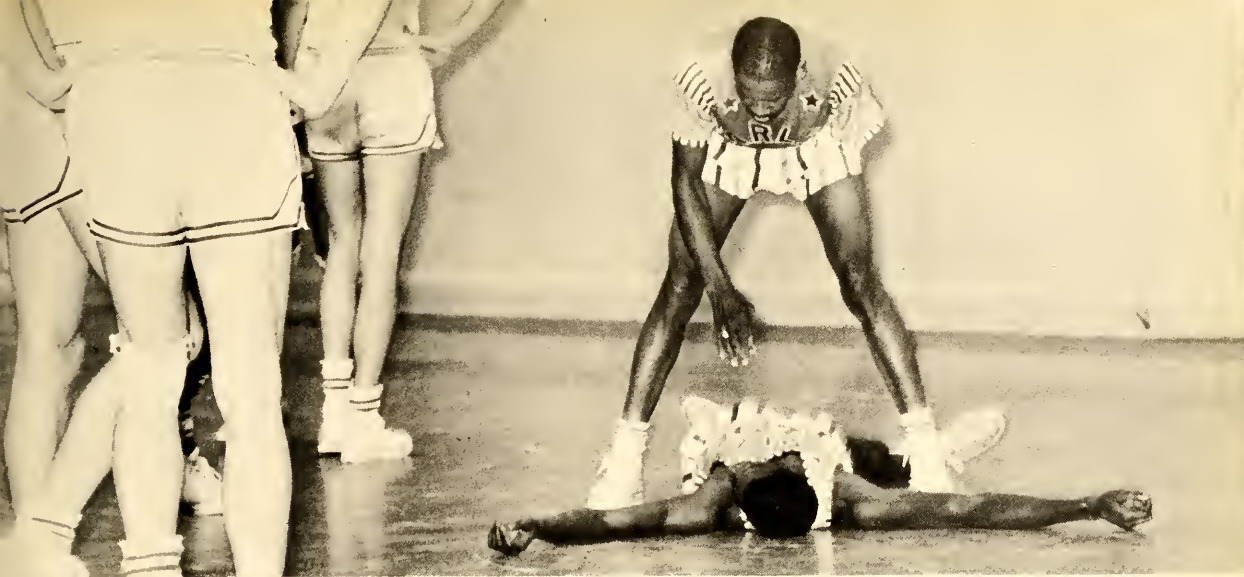

While the Agros
had an all-out
campaign to
publicise the
Ag-Bag-Drag.

The Engineers managed to get their share of limelight by lynching the "Arts Fairy"... which was later rescued by a daring group in a black - uh - volkswagen.

The basketball Huskies proved
that they were deadly too...
by defeating the highly rated
Harlem Stars in both their games.

The Sheaf began
a new series
of weekly finks
and in doing so
devised a whole
series of stylish
Fink hats...

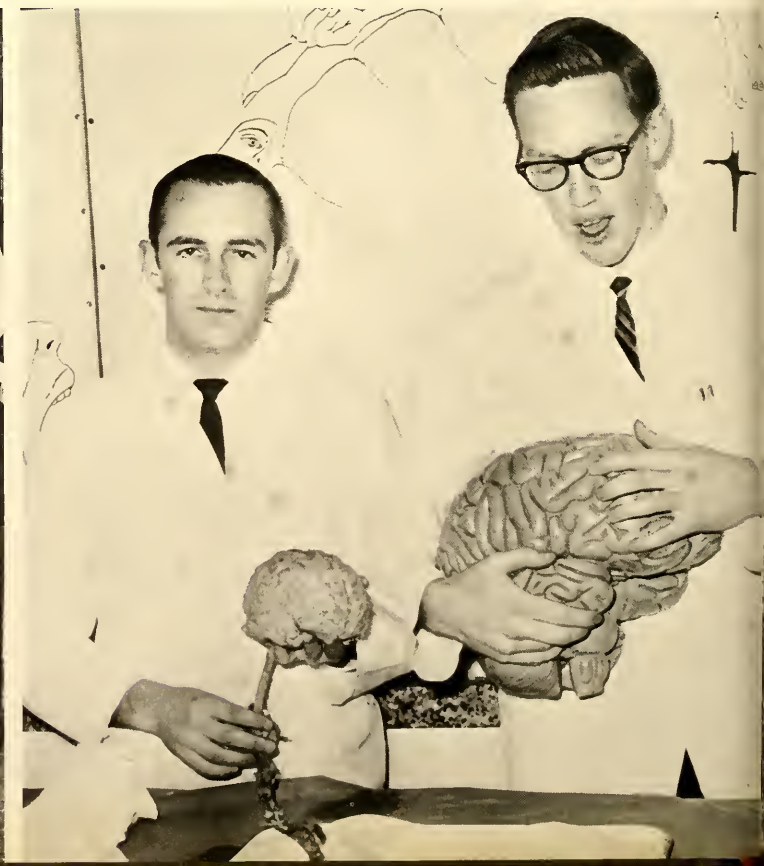

And one of
the guests at
Belles at the
Bess tried to
give his date
a stylish
pierced ear.

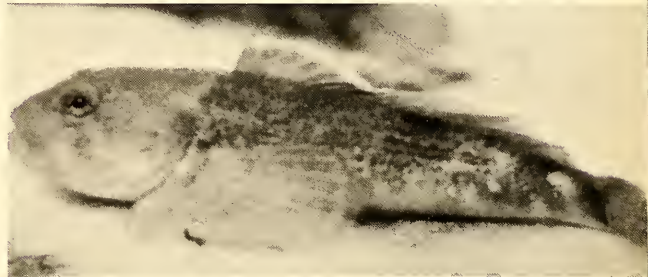

Students and local residents were introduced to some of the wonders of the human animal at the sixth biennial Medical Show...

And of other kinds
of animals at the
Biology Show.

Then the engineers jumped the gun on winter carnival by putting on a one college exhibition of snow sculpture which was vandalized by a group from an anonymous college across the street...

And WUSC sponsored the annual Treasure Van
sale of goods and crafts from many lands.

Finally the parliamentary forum elections came, and when the votes were counted the liberals had won a slim plurality...

And the students' representative council was threatened with a lawsuit when the Sheaf fink column proposed an unsupported reason for the unusually large conservative vote.

For weeks there was a series of rallies and dances

at which the college candidates for Campus Queen were chosen...

Blaire Swanson

Karen Davies

Aileen Yap
Commerce Queen

And finally, at Coronation Ball, Aileen Yap was chosen Campus Queen, and Harriet Thomson and Nayda Layson were chosen Princesses.

Soon afterwards the Christmas mood was spread by the college presidents, who exchanged zany gifts at the annual Christmas Stocking...

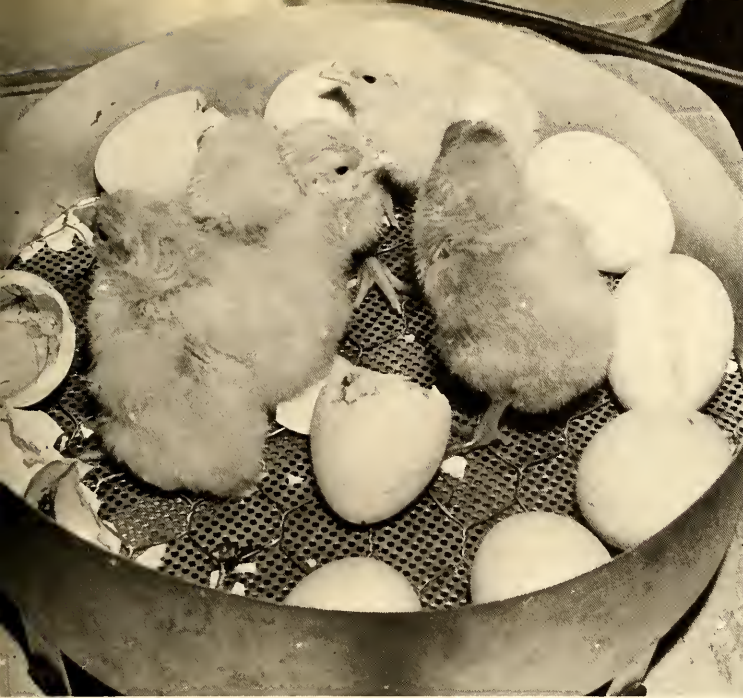

And vast quantities of Christmas spirit were swilled down at the pre-Christmas, post exam Law Cabaret.

After Christmas merrily costumed students celebrated the return to classes at the Carribean Cruise...

And visitors to the Agro Show were entertained by all sorts of domestic animals as well as informed about farm problems.

At a hockey and basketball rally the SRC had a hilarious pie-eating contest which was won by Frank Proto, who got his prize in the face.

And at the
Calypso Carnival
the audience
was bewitched
by the soft
sounds of steel
drums and the
swaying of
grass skirts.

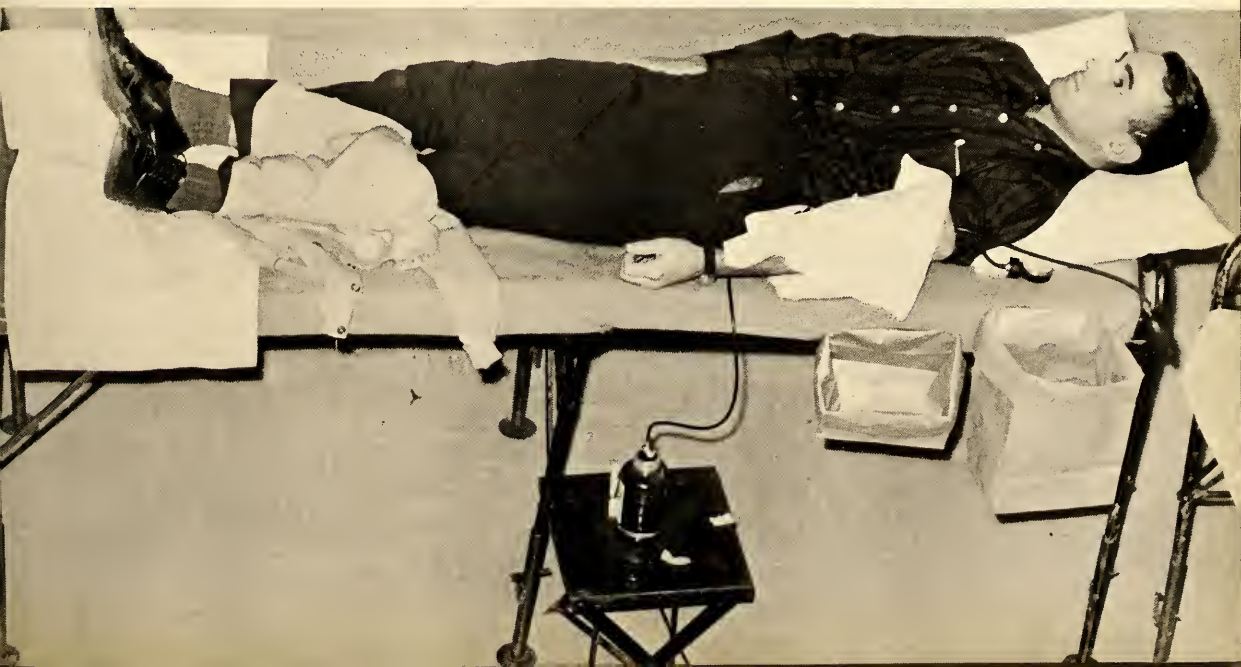

At Godiva's Gallop Valerie Cameron was chosen by the Engineers as the girl most suited to fill Godiva's saddle, while several other girls tried to emulate Godiva's aggressive nature.

But in spite of
this the annual
Blood Drive
bogged down, as
even such hot
blood proved slow
to flow.

During Sadie Hawkins Week the females on campus proved their proverbial inconsistency by inviting the males to some functions and kicking them out of others.

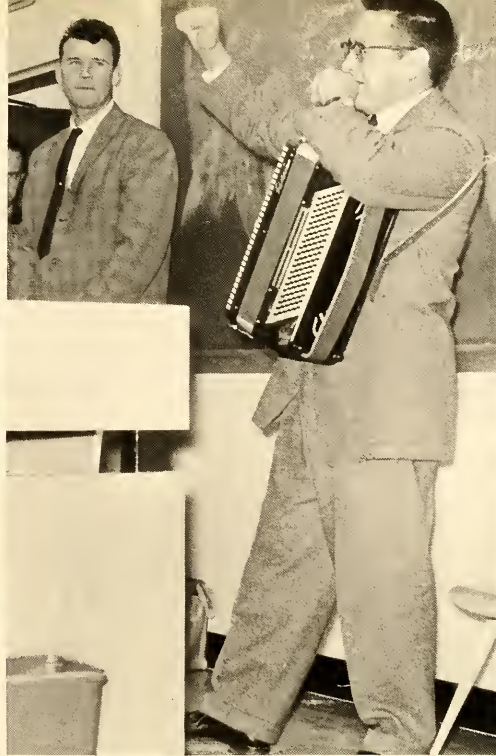

The Liberals and Campus Reform Independent party opposed a New Democratic Party - Progressive Conservative coalition government as the Parliamentary Forum held its annual sitting...

And students
packed the Arts
theatres to heckle
the acrobatic
performance of
perspiring, spirit-
filled evangelist
and faith healer
Max Solbrekken
who came to campus
supported by an
accordion playing
ex-convict and
a cast of
moaning believers.

The Winter Carnival
was launched by
an autoboggan
advertising campaign
and by the annual
ice sculpturing
contest...

And was ended
with a tiring
log-sawing contest
and the crowning
of Elaine Nickel
as Snow Queen.

The Radio, PKD, and Social directorates with the co-operation of CKOM Radio held an all-night Hootathon in the MUB, which was packed by hundreds of students...

Who came to hear
folksinging groups
and Beatle imitators
as well as to dance
and drink cokes
in the lower MUB.

Sheaf, Greystone,
and Radio staffers
soundly defeated
the lagging SRC
at a comic game
of soccer in the
snow-filled bowl...

While the Newman Players presented a sellout version of Shakespeare's tragedy of Hamlet.

When SRC election time came around the following positions were filled by acclamation; secretary, Tony Merchant; treasurer, Howie Cumber; vice-president, Heather Rennie, and WAB president, Ann Davis. The other positions were contested, and after the ballots were tabulated, Walt Wawruck was elected president; Larry Romanosky, PRO; Carole Anne Worcester, MUB Chairman; Doug Basset, MAB president, and Don Shyluk and Walt Fahrenschon, CUS co-chairmen.

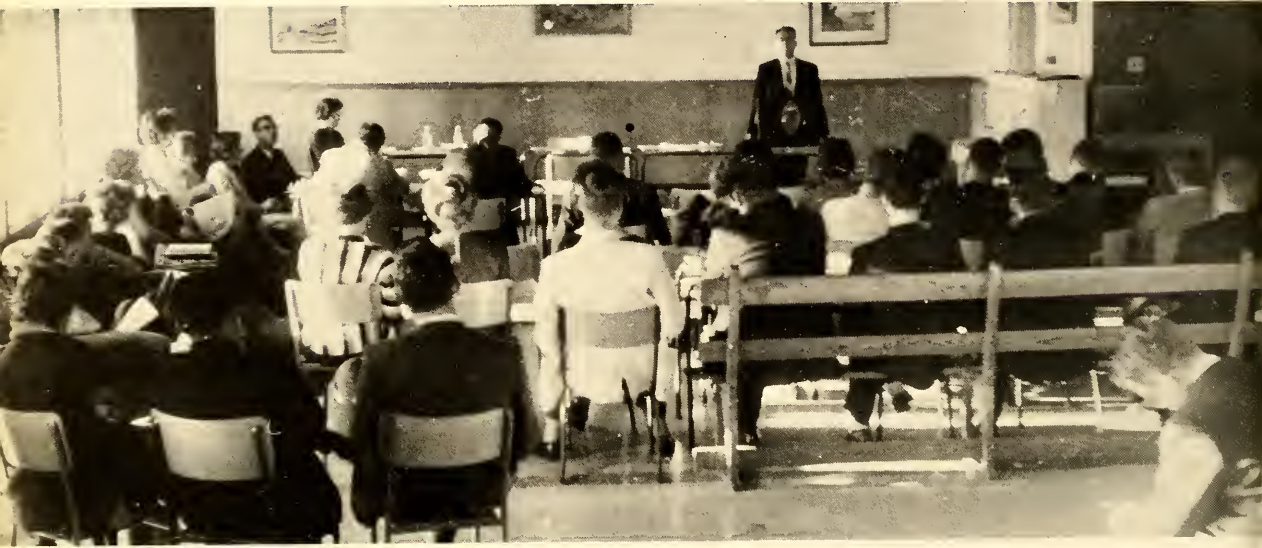

Walt Wawruck

After having played a brilliant regular season, the Huskies basketball team was tied for first place with the UBC Thunderbirds and left for the finals, in which they tied B.C. in games 1-1 but lost on total points.

During the whole year students also spent their time in a variety of other activities, for instance in one of the many clubs...

Such as the Lutheran Student Movement...

Or the Varsity Christian Fellowship

Or the International Students' Club, which sponsors
a variety of activities ranging from dances to wiener roasts...

Mrs. Harrison and J.P. Srinvastava

COMMERCE

Or by listening or dancing to the big band
music of the Varsity Band...

Or by watching
and listening
to college
opuses in the
upper MUB...

Or by going to
watch the many
plays presented by
Greystone Theatre...

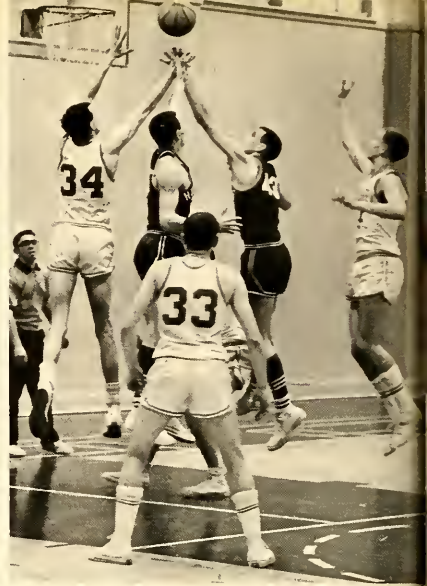

Or by drinking and dancing the nights away.

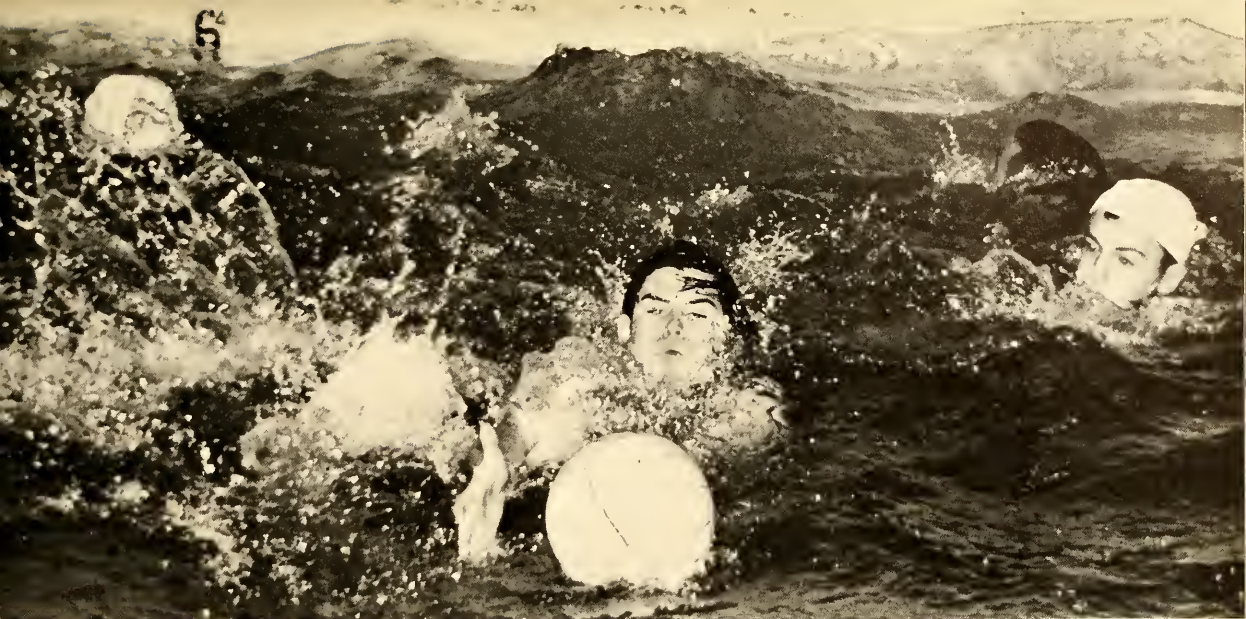

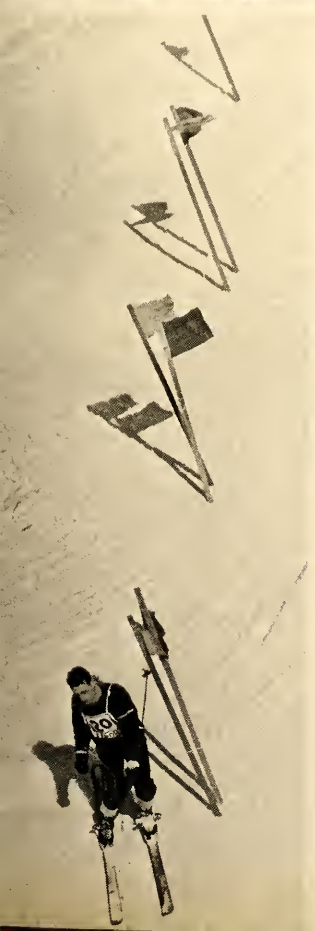

Most students on campus also participated actively in one or more sports, whether played on teams or by individuals competing against one another or against the goal of perfection. Some of these sports were sedentary, but most were used as a physical release from studies...

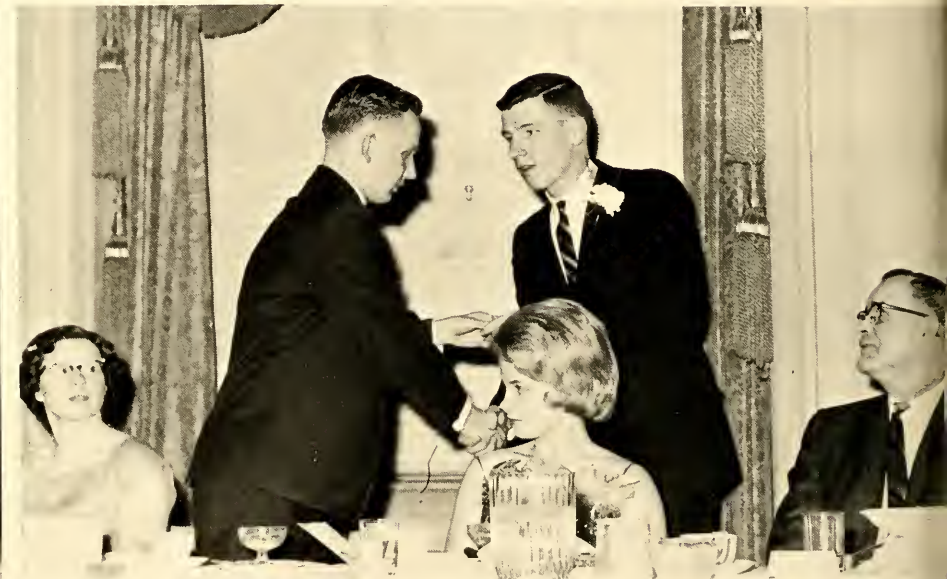

As the year drew to a close there was a dazzling succession of college graduation banquets and formals, for the colleges of Agriculture and Commerce...

Education
and
Engineering...

Home Economics
and Law...

And Medicine,
Nursing,
and Pharmacy...

The final SRC function of the year was Color Night, at which many awards were given...

Rhodes Scholar

Robin Boadway

Rhodes scholarships were established by the Rt. Hon. Cecil Rhodes. These scholarships, worth \$2,500 per year and tenable up to three years, are open to all single male students between the ages of nineteen and twenty-five who are British subjects. The student must have completed at least two years of university and have a high academic standing and personal character. He must also have shown leadership capabilities and an interest in all kinds of activities. The scholarships are open to residents of the province, no matter what university they are attending.

This year's Rhodes Scholar is a native of Moose Jaw and is presently studying at Royal Military College, Kingston, Ontario.

W. P. Thompson Scholarship

Douglas MacArthur

The W.P. Thompson scholarship, established in honor of the former president of our university, is awarded annually to an undergraduate of the University of Saskatchewan. Selection is based on scholarship, financial need, and participation in university activities.

This year's winner is a student in the College of Agriculture. Mr. MacArthur has not only maintained a high academic standing, but has participated to a greater than average extent in extracurricular activities. He was the Social Director of the Agriculture society this year, and has been elected Agriculture president for the coming year.

ADMINISTRATION AND STUDENT GOVERNMENT

President J.W.T. Spinks

TO THE GRADUATES OF 1964:

The year 1963-64 has seen a further growth in the University both with respect to student numbers and program. On the Saskatoon campus a fine addition was made to Qu'Appelle Hall and a large addition to Saskatchewan Hall was nearly completed. Also completed were Marquis Hall, an addition to the gymnasium, a linear accelerator building, and a fine extension to St. Thomas More College.

And to the south, the Yamasaki concept of the Regina Campus started to assume form and substance.

Program changes were highlighted by the announcement of the establishment of a Veterinary College and the integration of teacher training on the campus. These changes present new challenges to those who remain on campus.

You who graduate will equally be faced with new challenges and opportunities as you go out to help build the "Brave New World" of the future, a brave new world that is full of exciting possibilities, but that is also not without its hazards. We wish you in all sincerity Bon Voyage and Good Luck!

SRC President Douglas Ross

The men who planted the seed years ago would indeed be astounded at the harvest of today. From their dream and their successors' molding our university has developed to a position of distinction on the North American Universities' honor roll. Goals of excellence in all phases of university life, in the pursuit of both high academic honours and sound human and cultural values, set on the campus, have better fitted eminent men to lead Saskatchewan and the nation today.

We are indeed fortunate in student government in possessing student autonomy and independence to a degree admired by other universities. Yet at the same time an atmosphere of full co-operation and mutual interest exists between the university administration and the students. We profit from the experience of our predecessors, and by the same token attempt to find our own way, hoping programs begun in 1963-64 will benefit those who follow.

Fully realizing the attendant responsibilities of independence, we emphasize that the university, to attain its aim of producing individuals capable of informed, critical and imaginative thought, must be a realm of freedom for the individual community member, be he of senior or junior status.

I would like now to thank the executive, the council, and all those behind the scenes who have worked so diligently for the welfare of the student body. Programs begun this year include the SRC Seminar, campus FM radio station, definite plans for a new Union Building and expanded music entertainment. These accomplishments and the many other minor projects and general council rapport have served to make my term as President most rewarding.

STUDENT

In the preceeding sections you have seen photographs of many of the students, and of what they did while they were at university.

Some won academic honors...

While others excelled in athletics.

PICTURES

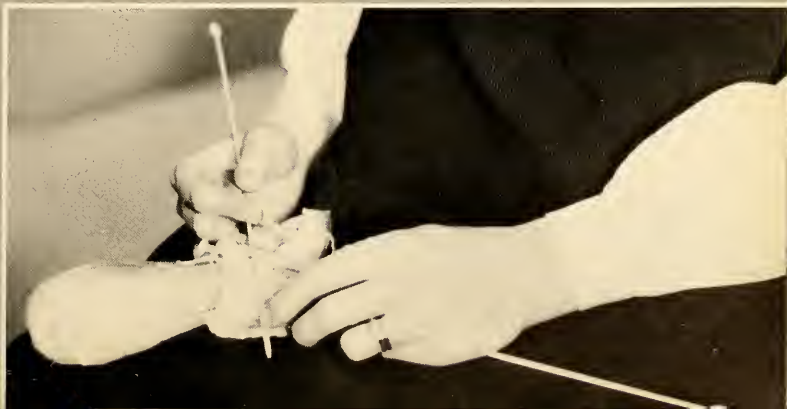

Some came to learn a trade...

And others to practise consuming.

And some
started raising
a ruckus

While others started
raising a family.

Some came to find
husbands or wives

Others simply to neck in the grass...

Or in the snow...

Or to lie around
doing nothing at all.

But no matter why
they came they enjoyed
themselves immensely...

And, strangely
enough, most of
them managed
to graduate.

In the section which follows, you will see the photographs of nearly all the students, but here they are reduced to a common denominator of robes and hoods, their individual differences in all but features removed, so that they become an indistinguishable mass of faces.

VOCATIONAL AGRICULTURE

A dramatic, low-key photograph of a horse's head and neck, with the title 'VOCATIONAL AGRICULTURE' overlaid in white serif font. The horse's head is in profile, facing left, with its mane flowing down its neck. The lighting is very dark, creating a silhouette effect, with a bright highlight on the horse's face and neck. The background is dark and indistinct. The title is written in a large, white, serif font, centered in the upper half of the image.
